

It is an important objective of First Integrated Solutions Limited to continually improve the effectiveness of the Quality Management System and improve the quality of our performance, safety and reliability at all levels within the Company to ensure that our product meets or exceeds customer requirements.

The QA Manual has been formulated to serve as a reference base for the Quality Policy and Objectives of First Integrated Solutions Limited.

The Company will establish Quality Objectives and these shall be regularly reviewed for suitability and effectiveness.

The Quality Management System based on the requirements of Quality Standard BS EN ISO 9001:2008 is designed to improve efficiency and reliability within our workplace so that our customers have confidence that we can deliver products and services that are fit for purpose, on time and compliant with stipulated codes and standards.

The Quality Plan will include the assessment of critical third party suppliers to ensure that they are fully compliant with relevant industry quality standards and that the impact of their performance is fully understood and controlled.

The Directors are responsible for the day-to-day implementation of the Quality Management System.

The Company shall provide adequate resources and well-maintained equipment to ensure the Company's Objectives can be achieved.

The Company shall ensure that all employees are adequately trained and are directed towards compliance with the QA Manual and procedures as appropriate to their work activities.

It shall be the responsibility of the Managing Director to ensure that this Policy is understood and implemented at all levels within the Company.

Signed:

Phil Cameron
Operations & Compliance Director
